## **PASTOR'S PARAGRAPH**

Church family,

As most of you know, I've been involved in a doctoral program at McAfee School of Theology in Atlanta. As a part of my research project, I am putting together a committee to take a look at one of our church's outreach ministries. The committee will work for a period of four months and members will learn about each other and about some important leadership lessons. The work of the committee will focus on how collaborative leadership can improve how we minister together to our community. By working together collectively through evaluation, brainstorming, and collaboration, the committee members will learn more about the perspectives of one another and more about making a strong outreach ministry even stronger. The committee will consist of five to seven members and will represent a diverse cross section of our church family.

I'm excited about this phase of my project and look forward to periodic updates. I also covet your prayers as, together, we progress step by step with the Lord's leadership.

Blessings in Christ,

Brian
