PASTOR'S PARAGRAPH

Church family,

Since the last article I wrote, a group of folks in the church went on a 21-day devotional journey called "Renew, Rebuild, Restore." It was a time to seek the Lord and see where He is working in our lives, our homes, our work, and our church. One of the ways God impressed me in my times of reading and reflecting was a need for more space in my life for Him to work. I realized, even in ministry, the work, schedules, and concerns took up space in my life. They occupied my thoughts day in and day out. My heart was weighted down with concern for folks or situations. To be concerned and occupied with these things were not in and of themselves bad. But the devotional journey made me realize my concerns and preoccupations, even in ministry, had encroached into space that God needed to do His work of renewing, rebuilding, and restoring in my personal life. I identified a few items that needed to be put in their proper places so that God could work. And He is working!

As we proceed through the summer months, our worship will be guided by the spiritual season of pausing and resting. We can use the time to take in the surroundings and make sense of where it is God has led us to in the spiritual landscape of our life together. Our songs and scriptures will nourish and cultivate our sense of closeness and intimacy with the Lord. Some of us will continue on from "Renew, Rebuild, Restore" in a more intense journey of fasting and prayer beginning in July. Some will fast for twenty days. Some will go on for a longer period. Each individual is being led into it for different reasons. For me, I want to put myself in a position to hear from the Lord in a different way than I have before. What about you? Let me know if you want to join in on this spiritual journey. I look forward to worshipping together Sunday.

Journeying with Christ,
Brian
